

WPC Wall Panel Technical Sheet

Item no.	A059-000001	A059-000002	A059-000000
Product picture			
Item name	FRESNO	NOGAL	OLMO
Material	wood plastic		
Usage	Indoor		
Product width (mm)	159		
Product length (mm)	2900		
Product thickness (mm)	10		
Weight (kg / pc)	2.03		
Area (m2 / pc)	0.4611		
Surface	wood grain		
Finishing	laminated		
Bending strength (Mpa)	13		
Compressive strength	HD70		
Impact resistance (KJ / m2)	2.5		
Impact strength	HD70		
Installation	Use stainless clip for wall panel, 5 clips for 3m panel; Use slotted strip for decorative frame, 1m strip for 3m decorative frame		
Feature	WPC products are widely used for interior decoration of hotel, restaurant, residential building, theater, meeting room, fitness room, cultural activity center, exhibition room etc. It can be waterproof and fireproof with Eco friendly materials.
