

Overview 'Joint Core" plywood 18mm black film faced plywood

Specifications	
Item#	322-4x8x3/4PRF
Name	Film faced plywood
Grade	Joint core grade.
Size	1220x2440mm
Thickness	18mm
Face&B	Black Film 120G/m2 a side.
Finish	with or without logo
Core	Joint core construction mix with new poplar core on first layers.
Glue	MR Glue
Tolerance	18mm (+/-1mm)
Impulsion	N/A.
Modulus of Elasticity	N/A.
Bending Strength	N/A.
Warp Degree	N/A.
Expansion Rate of Thickness	N/A.
Ultimate Shearing Strength	N/A.
Moisture	6 to 14%
Density	530 - 550kgs/cbm
Edges	Four edges will be sealed with water-proof paint
Usage	Concrete construction materials
Cycle life	Estimated less than 10 times.
Packing	Pallet packing and strpped with steel tape
Loading Quantity	40HQ: 18 pallets/40'HQ (about 954 sheets)
